I completed my final internship and was then hired at Flourish Feedback, a software platform that gathers and displays feedback. As a Front End developer, my responsibilities included:

- Develop new functionality and interface designs using Vue, SCSS, and JavaScript.
- Collaborate with an UX designer to create new design concepts and improvements for the product.
- Create documentation and flowcharts.
- Fix bugs.
- Work in an agile environment.

Sep 2023 - Nov 2023

Front End Developer, Wallmänder CO (internship)

Mölnådal

I had my first internship at Wallmänder Co, an e-commerce agency specializing in development for BigCommerce, Shopify, and WooCommerce. As a Front End developer, my responsibilities included:

- Work with BigCommerce and its theme engine, Stencil.
- Implement components from Wallmänder's custom theme into BigCommerce.
- Create widgets on BigCommerce using HTML, SCSS, and JSON.
- Implement new feature requests on clients' websites.

Nov 2018 - Sep 2022

Checkout Supervisor & Assistant Team Leader, WILLYS AB

Vänersborg

Willys is Sweden's leading discount chain in the grocery retail industry, offering a wide range of products both in stores and online. As a Cashier Leader and Assistant Team Leader in the Cash Department, my responsibilities included:

- Manage invoices and cash reports.
- Work in the store as well as in the front store and postal services.
- Managing the schedule.
- Oversee the operations of the cash registers and resolve any issues that arise.

Nov 2015 - Nov 2018

Store Employee, ICA MAXI

Trollhättan

ICA is one of Sweden's largest grocery chains. As a store employee, my responsibilities included:

- Working at the cash register, self checkout and deli counter.
