## — Work Experience —

| Jan 2024 - Oct 2024 | **Front End Developer, Flourish Feedback** | Gothenburg |
|---|---|---|

I completed my final internship and was then hired at Flourish Feedback, a software platform that gathers and displays feedback. As a Front End developer, my responsibilities included:

- Develop new functionality and interface designs using Vue, SCSS, and JavaScript.
- Collaborate with an UX designer to create new design concepts and improvements for the product.
- Create documentation and flowcharts.
- Fix bugs.
- Work in an agile environment.

| Sep 2023 - Nov 2023 | **Front End Developer, Wallmander CO (internship)** | Mölndal |
|---|---|---|

I had my first internship at Wallmander Co, an e-commerce agency specializing in development for BigCommerce, Shopify, and WooCommerce. As a Front End developer, my responsibilities included:

- Work with BigCommerce and its theme engine, Stencil.
- Implement components from Wallmander's custom theme into BigCommerce.
- Create widgets on BigCommerce using HTML, SCSS, and JSON.
- Implement new feature requests on clients' websites.

| Nov 2018 - Sep 2022 | **Checkout Supervisor & Assistant Team Leader, WILLYS AB** | Vänersborg |
|---|---|---|

Willys is Sweden's leading discount chain in the grocery retail industry, offering a wide range of products both in stores and online. As a Cashier Leader and Assistant Team Leader in the Cash Department, my responsibilities included:

- Manage invoices and cash reports.
- Work in the store as well as in the front store and postal services.
- Managing the schedule.
- Oversee the operations of the cash registers and resolve any issues that arise.

| Nov 2015 - Nov 2018 | **Store Employee, ICA MAXI** | Trollhättan |
|---|---|---|

ICA is one of Sweden's largest grocery chains. As a store employee, my responsibilities included:

- Working at the cash register, self checkout and deli counter.
